# Tinting color shades quickly and efficiently with the Standofleet Color Poster.

The Standofleet Color Poster is your indispensable assistant for professional tinting tasks.

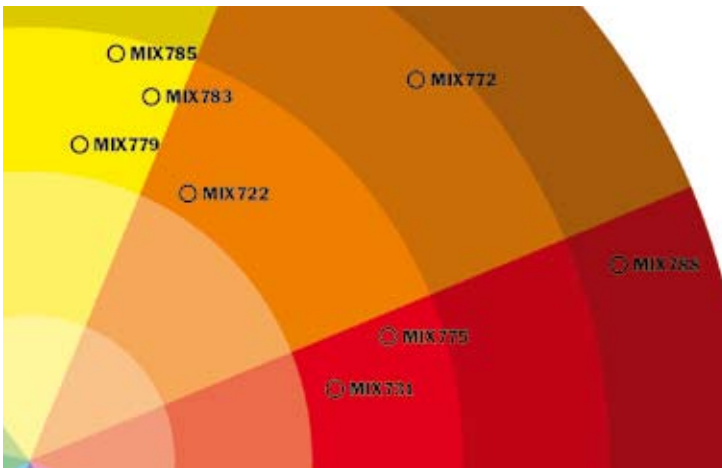

All Standofleet basic color shades presented on painted color chips.

25 colour shades presented with MIX 770 (white) in a ratio of 50:50 and 30:70.

Presentation of the mixture MIX 770 (white) with MIX 787 (black) in a ratio of 50:50 and 30:70.

The Ostwald Chromatic Circle shows the position of Standofleet mixes. Cleaner colours are on the outer circle with more muddy shades on the inner circle.

## Guide.

Column one shows the actual color shade.

Column two shows the Standofleet mix needed to lighten the color.

Column three shows the Standofleet mix needed to darken the color.

All the remaining columns show the Standofleet mixes needed to tint the color in the directions show below. For instance, more orange, more blue and so on.

# STANDOFLEET
